An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kocovsky, Jr. on 5/24/07.

The application has been amended as follows:

Change the Title to –INFLATABLE DECUBITIS MAT WITH VENT STRUCTURES CONTROLLED BY HEAT SENSORS-.

On page 1, below the Title insert:

-This application claims the benefit of provisional application 60/420,724, filed on 10/23/2002 and is the national stage entry of PCT/US03/33240, filed on 10/22/2003.-

Insert the following new ABSTRACT:

ABSTRACT

A decubitis mat includes a plurality of individual cells (16 which are pressurized by air. A polymer sensor/vent structure (20) is mounted on the top surface of each cell and defines a plurality of polymer filled channels (28) and a vent valve (26) which is biased to a closed position. As a body resting on the mat heats the polymer, it undergoes a phase change and expands, causing biasing forces (30) which bias the vent valve to open, permitting air in the cell to be released providing air flow to the body.

In claim 1, last line, after "bladder" insert -,said heat sensor adapted to alter the volume of air escaping through said vent structure-.

The following is an examiner's statement of reasons for allowance: The prior art of record, including Stolpmann, fails to teach or suggest the heat sensor and vent structure (20) in which the heat sensor alters the amount of air escaping through the vent structure. As recited in line 3 of claim 1, the contact pressure is adjusted in response to body heat. The amendment to claim 1 merely clarifies the function of the heat sensor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Grosz whose telephone number is 571-272-7041. The examiner can normally be reached on Monday - Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patricia Engle can be reached on 571-272-6660. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
